

SOLARSET

CHALLENGER

PRE-ASSEMBLED, FACTORY BUILT SOLAR SYSTEMS

- Off-Grid, Grid-Tie & Hybrid
- Residential, Commercial & Industrial

FACTORY BUILT

The Challenger is fully assembled in the factory, then programmed and tested prior to shipping.

DELIVERED TO SITE

Each Challenger system folds in order to be delivered without any oversize shipping permits required.

ENGINEERED FOR RUGGED CONDITIONS

The Challenger series is specifically engineered to handle high wind and snow loads.
